Fanatic Pro Camps

FBC KOS – IMPROVE AND MOVE – WATERSTART & PLANING 2012

Fanatic the Boarders Center will be holding another Fanatic Pro Camp with the dream team **Tom Brendt and Yoli De Brendt** of Windsurflabor.de at **FBC KOS** (Big Blue Surf Center) from **2-7 September 2012**. The camp is open to both men and ladies and languages used are English, German, Spanish and Italian. We offer you 2 experts on hand every day to help improve your skills, un-stick those sticking points and smooth out any rough edges. In other words, two World Cup Trainers dedicated to making your dreams come true!

FBC KOS is **PERFECT** for this camp, and this is our 4th year there. The wind blows side/side off from the left and is lighter in the mornings, gradually picking up through the day giving way to sensational slalom blasting with swell/chops up to 1m on the outside. Kos Island has something for everyone, not only windsurfing! It is swept by magnificent sandy beaches, has a beautiful historical city, wonderful food and lots to see and do.

TOM BRENDT - Tom Brendt has been successfully running camps around the world for years now, and is not only a top level sailor and talented photographer, but also the trainer of Fanatic Pro Riders including 4 times World Champ Freestyler Gollito Estredo and Ladies Champ Freestyler Yoli De Brendt!

YOLI DE BRENDT - Born in Venezuela, Yoli is full of energy, talent and fun. Yoli will be able to share all the little tips and tricks that any girl should know to improve on the water adapting to each student's level, strengths, rhythm and dreams. Girls rule!! You can read more about Tom & Yoli on the Fanatic [website](http://www.fanatic-boarderscenter.com).
